How to get six more books over the summer

- Go online to KidsReadNow.org, then click "Report Book Codes" at the top of the screen. Log in or register for a free account.
- Call 937.576.4086 and follow the voice prompts.

Each week, we'll remind you to report the books your child read so you continue getting new, free books all summer long!

Students who report reading all nine books get a Kids Read Now prize!

How to pick your books

Color Scale

We color-code our books to show which titles would be best for each student. The books are coded by AR score, a number that many schools use to find books that are neither too hard nor too easy for a student.

The first number of an AR score is the grade level of that book and the second number is the month within that grade. For example, an AR score of 1.8 means the book is appropriate for a 1st grader in their 8th month of the school year.

If your child is a good reader, pick some books from the next grade level. Otherwise, pick some books at or below their grade level to make reading fun.

 0.0 - 1.0 K - 1st	 1.1 - 2.0 1st - 2nd
 2.1 - 3.0 2nd - 3rd	 3.1 - 4.0 3rd - 4th
 4.1 - 5.0 4th - 5th	 5.1 + 5th - 6th
