LET'S GET STARTED!

OUR BOOKS ARE CATEGORIZED BY COLOR SCALE

The book list is color-coded to aid in student book selection. Each color corresponds to ranges in AR reading levels. Teachers are encouraged to help students select a mix of challenging and fun/less challenging books for their students.

BOOK ICONS IDENTIFY CHARACTERISTICS KIDS ENJOY

Bilingual books are written in both English and Spanish.

Series books are part of a series or collection.

Fiction/Nonfiction marks the genre of a book.

Award Winner books and/or their authors have won awards.

Multiethnic books feature characters of 2+ ethnicities.

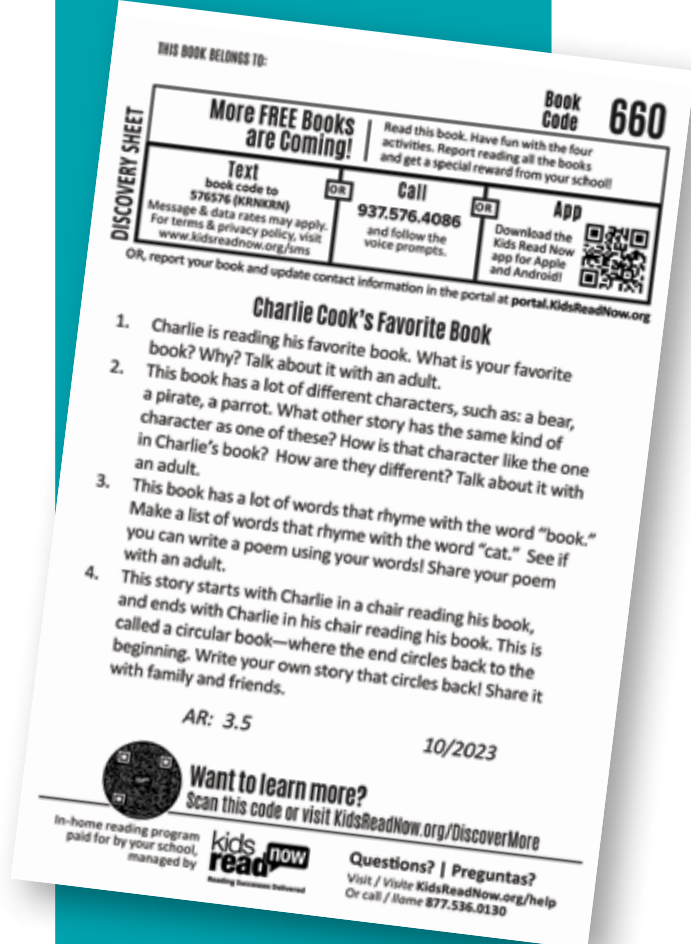

Student Favorites are books our students enjoyed most!

Read To Me books are picture books where the reading level of the book may exceed what the child can read.

Social Emotional Learning books demonstrate skills such as managing emotions, showing empathy, and appreciating diversity.

DISCOVERY SHEETS

Each KRN book has a Discovery Sheet containing a book code and four reading activities. The activities:

- Encourage students to think or talk about what they read.
- Help build comprehension. They also help students relate something they have read to their own lives, or the lives of others.
- Encourage parents to pick one of the questions, and complete the suggested task with their child.

HOW TO SELECT BOOKS

1. With your students:

Help each student select eight Wish List books according to their reading ability and interests.

2. After they have chosen their books:

Visit portal.kidsreadnow.org and have each student enter the provided class code and select their name. They will then be able to lock in their book choices! Benefits of online selection include seeing a couple pages of each book as well as the activity questions. You can also filter for reading level and genre to display only books that are of interest/appropriate for that particular student.

3. After the student's books are selected online, parents should review and confirm their contact information online at portal.kidsreadnow.org. **This step is critical for proper delivery of books to kids' homes.**

Scan this QR Code with a smartphone to go to portal.kidsreadnow.org.

To get a special surprise...

Read, Report, Repeat!

NEW SIGN UP INCENTIVE!

Every student in the program will receive a KIDS READ NOW SUPERSTAR silicone bracelet when they select their books—a fun reminder to read all summer long!

SCHOOLS CHOOSE THE PRIZES

Schools are able to choose between a plush toy or 1 book for the school to use for every 11 books reported. A fun way to celebrate a summer of accomplishment!

EVERY CHILD'S AN AUTHOR MyStories

Because reading affects writing and writing affects reading, encouraging students to write helps improve their reading skills. To this end, we've created MyStories, a book containing lots of illustrations from award-winning artists as prompts for kids to create their own stories!
